PREPARATION OF YOUR RESIDENCE FOR THE TREATMENT OF FLEAS

All persons will be required to be out of the residence for at least 6 hours during and after the treatment. Pregnant women and asthmatics should be out of the residence for at least 24 hrs. Fish tanks should be covered and the filtration and air supply shut off until you return 6 hours after treatment. Birds, dogs, cats, reptiles, hamsters etc will be required to be out of the residence at least 6 hours as well.

BEFORE your scheduled appointment these necessary steps must be taken otherwise treatment will not be performed.

- Dogs and Cats must be taken on the day of the service to receive professional treatment by a Veterinarian.
- Dog and Cat bedding should be laundered in hot soapy water before the day of the service.
- All pets (birds, hamsters, reptiles etc.) should be out of the home for 4 to 6 hours.
- Turn off fish aquarium aerators and cover the top of the tank with plastic.
- Compile a written list of all sleeping areas of your dog and or cat for both inside and outside resting sites as these are potential breeding sites for fleas and must be treated; Give the prepared list of sites to the Pest Arrest Technician when he arrives on site.
- Make sure loose articles are off the floor such as children's toys, magazines, newspapers and clothing. It is important that as much of the floor areas of the home especially carpets be treated as possible to ensure successful treatment.
- A thorough **vacuuming** throughout the home should be **conducted before the Technician arrives**. It is advisable to vacuum each day after the treatment for at least a week to expedite the elimination.
- All people should be out of the home during the treatment and be vacant for at least 4-6 hours. Pregnant ladies, asthmatics or children under the age of 1 should be out of the home at least 24 hours.
- You can open the windows after you return in 4-6 hours if there is still an odour from the treatment but this is usually not an issue.
- DO NOT** wash the floors or have the carpets cleaned for at least 3 weeks as this will remove the treatment and thus void your guarantee.

If you have any questions you may call Pest Arrest Pest Control Services for further clarification 705-878-3378 or 705-760-5696
